Attention: Erin Giakoumelos  
General Manager

*Yia sass,*

As first prize winners of last year's raffle, and having just returned from our fantastic trip, we wish to tell you how much we appreciated the opportunity you provided us to visit the wonderful country of Greece.

We enjoyed every aspect of our stay...the friendliness of the Greek people, their culture and history, the food and drink, the hotel accommodations...in short, we loved it all. Of course, it didn't hurt one bit that Mother Nature was on our side and gave us mostly warmth and sunshine for the duration of our visit.

The Hellenic Community has every reason to be proud of its heritage and what better way to promote it than with the popular Greek Fest. Rest assured, after what we have just experienced, we will do our bit to assist you in that regard. It goes without saying we expect to attend this year's Festival with great anticipation.

We would be remiss in not mentioning the tremendous assistance we received from your travel agent, Mr. Kosta Pezoulas of "Going Places Travel". With great thoroughness and patience, he worked very closely with us to prepare an excellent itinerary...one that allowed us to visit key areas and sites while affording sufficient flexibility to do it at our own pace. We will highly recommend his services.

To the Committee Members, we offer our congratulations for the on-going success of your Festival. And as a parting word, what more can we say but: "*Efkaristo, efkaristo, efkaristo*".

Sincerely,

Michèle and Bernard St-Georges
